

## ***Bonds Approved by Voters On or After July 1, 2022***

For bonds approved after July 1, 2022, state aid is calculated the same as the formula used for bonds approved after July 1, 2017, with two changes. Instead of using the district with the lowest ranked AVPP as the base, the district with the second lowest ranked AVPP is used as the base for the calculation. Also, instead of starting with 75.0 percent state aid for the lowest ranked AVPP as the base, 51.0 percent state aid for the second lowest AVPP will become the starting base. Virtual students were also excluded from the calculation of AVPP for Capital Improvement State Aid.

### ***Example #6***

This hypothetical district has an AVPP of \$65,000 and a capital improvement payment obligation of \$300,000. Of this obligation, \$50,000 is for a bond approved prior to July 1, 2015, \$100,000 is for a bond approved after July 1, 2015, but prior to July 1, 2017, and \$150,000 is for a bond approved after July 1, 2022. The steps to calculate Capital Improvement State Aid are shown below:

- Step 1: Determine state aid rate for bond approved prior to July 1, 2015;
  - Because the district's AVPP is \$10,000 below the median AVPP, the state aid rate is increased by 10.0 percent; and
  - State aid rate:  $25.0 + 10.0 = 35.0$  percent;
- Step 2: Calculate state aid for bond approved prior to July 1, 2015;
  - $\$50,000 \times 0.35 = \$17,500$ ;
- Step 3: Determine state aid rate for bond approved after July 1, 2015, but prior to July 1, 2017;
  - Because the district's AVPP is \$64,000 above the lowest AVPP, the state aid rate is decreased by 64.0 percent; and
  - State aid rate:  $75.0 - 64.0 = 11.0$  percent;
- Step 4: Calculate state aid for bond approved after July 1, 2015, but prior to July 1, 2017;
  - $\$100,000 \times 0.11 = \$11,000$ ;
- Step 5: Determine state aid rate for bonds approved after July 1, 2022;

**Kansas State Department of Education 2022-2023**  
**Assessed Valuation Report**

1. FTE includes virtual and Preschool-Aged At-Risk (3- & 4-years old), but excludes students enrolled in the Kansas Academy of Math and Science (KAMS) at Fort Hays State University. Beginning 2017-2018, Kindergarten students were counted based on minutes enrolled; for 2016-2017 & prior, they were counted as 0.5 FTE if more than 0 minutes enrolled.
